

KIBS Newsletter

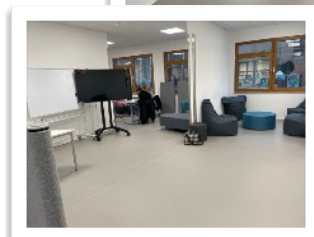

Local roots, global understanding

Dear Parents,

After two years of many restrictions, an eventful year is now drawing to a close and we look back with a great deal of joy and pride at the many wonderful occasions we were able to celebrate this year.

For the first time, our students successfully passed their Abitur exams - a milestone in the history of KIBS and that was a wonderful event for all of us!

After almost two years of construction, our new premises were completed in August and two new groups from the Kindergarten were able to start settling in, the Sixth Form moved into their new open-plan premises and the sports hall was put into use. We originally wanted to celebrate the inauguration with all parents in July. However, the progress of the construction work did not allow for a celebration at that time. Therefore, we would like to make up for this and have a big celebration with all of you on **24th June 2023** at KIBS! Please keep this date in mind!

We are very happy that we could gain a new cooperation partner with the Turnklubb zu Hannover (TKH). The TKH offers a wide range of sporting activities, which we have already been able to start in the form of clubs in the afternoon and there are still places available. In addition to children's yoga, self-defence and handball, we now also have hockey on offer.

In September, we were recognised as an Apple Distinguished School for another three years, making us one of a few schools in Germany to hold this certification. We are recognised by Apple as an outstanding institution that combines innovation, leadership and educational excellence. We are looking forward to the new challenges and developments in the future, which we gladly embrace!

We started our test phase with the SDUI app in September. Initial problems have been solved quite well over the weeks. It seems that we have found a good basis for communication with this app, which enables us to exchange information quickly and easily with you and also internally. We want to make a decision at the beginning of February 2023, when we have evaluated the surveys that are still to be conducted.

We are pleased to be able to present to you - probably from the end of January - another supplier of school uniforms. We will inform you again in the new year, but you can already look forward to a clothes rail with try-on sizes!

However, in everything we do, we always have our eyes on the children. It is wonderful to see them enjoying their learning, gaining confidence, doing great projects and enjoying their individual learning journey. This year all the children have learnt a lot and also caught up and can be proud of themselves

Dear parents, we thank you for the good cooperation this year and your trust in KIBS! We now wish you a restful, peaceful and contemplative time for the upcoming holidays with a good and healthy start into the new year!

Kind regards, your KIBS TEAM

Important Dates:
