

KIBS Newsletter

Local roots, global understanding

Dear parents, dear colleagues,

A wonderful school and kindergarten year is now coming to an end and we were all able to take a breath this year and enjoy normality again after the years of restrictions.

However, all of our immune systems have been given a good workout and we have had to cover for considerable absences due to illness. After this quite strenuous phase, everyone is now well on the way to staying fit and healthy! We would like to take this opportunity to thank the entire KIBS staff for their great work and the many additional substitute hours!

In the KiTa and in the school, a lot has been learned and the children have been able to enjoy a bit of normal school and KiTa life this year.

In addition to our new school extension, which has now been filled with life and creativity, we have redesigned our entrance area in the main building. Our new app SDUI is now working quite well and communication has become faster and easier. Many thanks to all parents and staff for their patience and support during the introduction. The next project is already on the agenda: we would like to have a new playground for the primary school in the schoolyard by autumn at the latest.

Many suggestions and proposals came from the parents, which we discussed and debated in our parent council meetings. Special thanks also go to all parent representatives for their good and trustworthy cooperation this year!

Our student numbers have continued to develop positively and we are happy about two new Year 5 and 3 new Year 1 classes for the new school year.

With our new cooperation partner TKH (Turn Klub Hannover) we have prepared club offers for the afternoon for the new school year. Unfortunately, this year things did not always run smoothly due to many sickness absences, but we are very confident and have received confirmation that the clubs can be offered reliably from the new school year onwards. You will receive the programme via SDUI in time for the try-out weeks.

We wish you all a relaxing summer and holiday season and look forward to the next school and kindergarten year with you and your children!

Herzlichst

Ihre

Heike Eckhoff

Wichtige Termine:
